I have a vision
and this is what I see
all of our greyhounds running
because they are free...
run, my little Ladybug, run

Tonya

Owned by Melanie

Affectionately known as the
"WalMart Greeter"

In my heart I know you loved me as much as I loved you. I pray you've found peace, and that's helped to see me through. -- I thank you for all the joy you added to my life, and the smiles you've brought to me. May God guide you on your journey and may your spirit always run free.

Cherry Pepsi

Owned by Barb & Jim

Thank you Cherry, for being our Greyhound Ambassador. You are the reason we fell in love with greyhounds, and you will be in our hearts forever. Run fast, my Love.

Greyhound Rescue of New York

David

Owned by Michele & Rick

You were my first greyhound, you were goofy, whacky and always made us laugh with your antics. You could never dig your hole deep enough, although we thought you were going to China. I love you and will miss you with all my heart. I know you and Shaun are reunited and playing together once again. Until we meet again you will always be with me.
